The inventory is quite large — would you like:

1) The full product list displayed here (very long), or
2) A shorter list by category (e.g., Power tools, Pumps, Safety gear, Hand tools, Electrical, Garden), or
3) I can send the full inventory as a downloadable file (CSV/Excel)?

Tell me which option (1 / 2 / 3) — if you pick 2, say which category you want. 8:26 PM
